RE: AIRS Facility No. 777-00332, River Rock Sand & Gravel, LLC, Portable
Permit by Rule Registration – P-030044

Dear Mr. Thueson:

On August 4, 2003, the Department of Environmental Quality (DEQ) received a Permit by Rule (PBR) registration from River Rock Sand & Gravel, LLC for a nonmetallic mineral processing plant. River Rock Sand & Gravel, LLC has registered the following information as required by IDAPA 58.01.01.797.02 *Rules for the Control of Air Pollution in Idaho*.

Rollercone crusher
Manufacturer: Fabtec
Serial No.: PCS-3-216-01
Manufacture Date: 2001
Capacity (T/hr): 250

Caterpillar diesel generator
Capacity (kW): 365
Fuel Type: diesel fuel
Serial No.: ILS00767
Model No.: 365-3406

Owners and operators of nonmetallic mineral processing plants that opt for a PBR shall comply with all of the applicable provisions of IDAPA 58.01.01.795-799. Registration for a PBR does not relieve the owner or operator of portable equipment from the registration and relocation requirements of IDAPA 58.01.01.500. The DEQ recommends that River Rock Sand & Gravel, LLC maintain this letter, the August 4, 2003 PBR registration, and all required monitoring and recordkeeping information at each site of operations.

Please be aware that River Rock Sand & Gravel, LLC is required to submit a portable equipment relocation form each time the plant, or any registered equipment, is moved to a new site of operations. This form is required to be submitted to DEQ ten days prior to relocating the equipment. A copy of the form is enclosed for your convenience.

River Rock Sand & Gravel, LLC
Final PBR, October 7, 2003
